

Vovici's Government Success Package

Gather immediate and ongoing feedback to improve training and development

Vovici's Government Success Package empowers your agency to quickly assess and improve the effectiveness of training, onboarding programs, facilities planning and census data collection. Vovici is trusted by a wide variety of Federal, State and Local governments to:

Reinforce and optimize training

Improve courses and promote retention through regular assessments

Drive faster time to productivity

Improve onboarding programs with real-time insights and timely follow-ups

Ease facilities planning and budgeting

Analyze facility needs and report to senior leaders for budget approval

Retain and develop top performers

Automate employee training programs and attitude measurement surveys

With Vovici's Government Success Package, you can:

- Deploy cost effective and professional surveys quickly with our easy-to-use Microsoft Word compatibility
- Personalize surveys with our flexible configurations to increase response rates
- Integrate with existing systems (e.g. SPSS) to deliver insights for less money
- Segment and sample stakeholder groups to deliver customized surveys maximizing completions
- Create and share graphical reports across the organization to uncover actionable intelligence

Why Vovici?

- Certification of Networthiness from the Department of Defense indicates the industry's most secure hosted application
- More than 15 years of government experience
- Over 2,000 customers in over 47 countries
- More than 150 million completed surveys in over 150 languages
- 508 Compliant
