

Vovici's Voice of the Employee Success Package

Drive employee engagement and increase loyalty

Vovici's Voice of the Employee Success Package empowers your organization to easily measure and monitor employee loyalty and satisfaction metrics that have a direct impact on improving customer loyalty. By taking advantage of our complete solution, you can:

Keep a pulse on employee needs
Reveal deep understanding of employee interests and priorities

Reduce costs of employee feedback
Provide immediate assessments to evaluate training quality and areas for improvement

Nourish culture and build relationships
Engage employees in an ongoing dialogue to deepen commitment

Retain top talent
Capture and analyze performance data to fuel intelligent personnel decisions

With Vovici's Voice of the Employee Success Package, you can:

- Deploy cost effective, easily created employee surveys to measure employee sentiment
- Automate the collection of employee feedback, performance reviews and certifications
- Use automated alerts and triggers that notify you when employee feedback demands immediate attention
- Generate and share graphical reports online and uncover insights into your employee base

What you get:

Vovici's Voice of the Employee Success Package includes:

- 12 month access to our hosted, enterprise-class online survey platform
- Professionally created, customized survey for your specific employee feedback needs
- Web-based training

Additional add-on options:

- Community Portal to build and manage personalized respondent portals to increase response rates
- Walker Information Employee Relationship Analysis to understand and improve employee loyalty, including:
 - Valid & Reliable Employee Loyalty survey
 - Analysis and comparison of your results to Walker benchmark data
 - Personalized report and consultation with an expert on action plans/next steps
